

*“Reminiscent of a time more elegant,
Such refined taste was, is, and always will
be a symbol of finer living”*

When considering an investment in property, one must take into account the long-term view.

We at Charleston Homes have combined some of the finest inclusions and fittings to ensure that they remain durable and just as functional and beautiful as the day they were installed.

This residence not only is unique in design, but also displays some of the most up to date features, and also combines beauty with function. We believe that it is important to design homes that create a lifestyle, and with that in mind the “Villa Roma” was born. A touch of nostalgia and richness are obvious and above all a feel of security and comfort prevail as an ageless and valuable asset for the future.

*We are proud to present the “Villa Roma”,
Price On Application*

Charleston Homes knows that each and every detail is a matter of careful consideration. However, we know just how important it is for you to be able to completely personalise your new home to suit you perfectly. We offer an extensive list of room options and custom appointments through our Charleston Design Studio, so we invite you to indulge your desires as our Design Studio experts assist you with your selections. Keeping within our philosophy, we also offer a full design service, landscaping concept and interior design package to personalise your investment. Please consult our sales team for complete details.

Carpets, timber floors, light fittings, blinds and curtains, air conditioning, pergolas, structured wiring, furniture and decorative walls are for display only and are not included in the price shown.

In our continuing effort to meet customer expectations, Charleston Homes Pty Limited reserves the right to modify features, specifications, and/or prices without obligation. All square metre ages are approximate. Renderings are artist’s concept only, and may differ to showplace.
